Helix Fixed Workable Items Summary

Generated from docs/workable_items.db. This document does not assert remote HelixTrack synchronization.

ATM ID	Type	Severity	Status	Reopens	Description
ATM-001	Task	High	Completed (→ Fixed.md)	0	Establish core document, cache, settings, and synchronization primitives
ATM-002	Feature	High	Implemented (→ Fixed.md)	0	Implement multi-format detection and bounded document parsing
ATM-003	Bug	Critical	Fixed (→ Fixed.md)	0	Canonicalize ISBN identity across equivalent representations
ATM-004	Feature	Critical	Implemented (→ Fixed.md)	0	Index local and remote libraries in place without reorganizing source bytes
ATM-005	Bug	Critical	Fixed (→ Fixed.md)	0	Make OPDS acquisition identity collision-safe and atomically replaceable
ATM-006	Bug	Critical	Fixed (→ Fixed.md)	0	Revalidate content before strong ETag and byte-range responses
ATM-007	Bug	Critical	Fixed (→ Fixed.md)	0	Preserve persistent HTTP connections during identity compression fallback
ATM-008	Feature	High	Implemented (→ Fixed.md)	0	Provide HTTP/1.1, HTTP/2, HTTP/3, TLS, and content negotiation transports
ATM-009	Bug	Critical	Fixed (→ Fixed.md)	0	Reconcile durable PostgreSQL catalogs atomically after source scans
ATM-010	Feature	High	Implemented (→ Fixed.md)	0	Implement monotonic KOReader progress synchronization with Redis
ATM-011	Feature	Medium	Implemented (→ Fixed.md)	0	Deliver an honest responsive web catalog prototype
ATM-012	Task	Critical	Completed (→ Fixed.md)	0	Establish repeatable deterministic core and server qualification
ATM-013	Task	High	Completed (→ Fixed.md)	0	Fuzz all exposed format and byte-range parsers
ATM-014	Task	High	Completed (→ Fixed.md)	0	Prove regression tests reject targeted restoration of fixed defects
ATM-015	Task	Critical	Completed (→ Fixed.md)	0	Exercise real PostgreSQL, pgvector, and Redis integrations
ATM-016	Task	High	Completed (→ Fixed.md)	0	Verify backup and restore recovery against the current tree
ATM-017	Task	Critical	Completed (→ Fixed.md)	0	Prevent credentials and sensitive values from entering source and evidence
ATM-018	Feature	High	Implemented (→ Fixed.md)	0	Keep deterministic metadata evidence authoritative over AI proposals
ATM-028	Task	Critical	Completed (→ Fixed.md)	0	Operate the SQLite workable-items single source of truth and synchronized exports
ATM-030	Task	High	Completed (→ Fixed.md)	0	Publish all current test results and limitations under docs/testing/results
